

Sponsorship & Partnership Opportunities

Mission

Committed to providing a network of easily accessible first aiders in order to provide immediate assistance during personal medical emergencies.

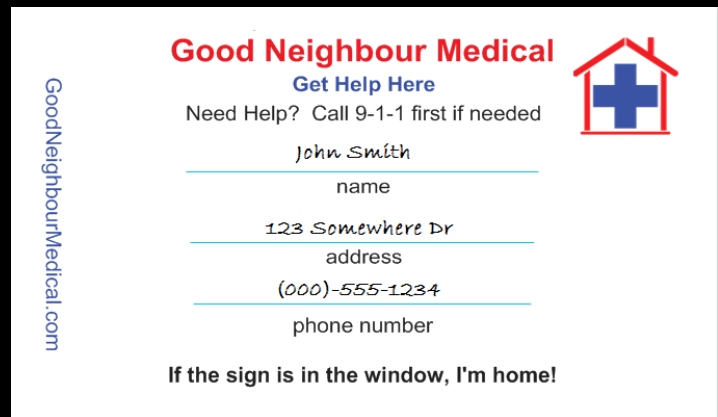

www.GoodNeighbourMedical.com

What do we do?

Our primary purpose seeks to increase community resilience by establishing a network of Community Responders.

Each Community Responder will receive a welcome kit containing:

- An Introduction Letter
- Instruction Manual
- Window Sign
- Customizable Business Cards
- Identification Card
- Emergency Contacts Card
- 211 Information

A displayed sign indicates the Community Responder is home and ready to help. Neighbours can access their aid by knocking on their door, or calling them on the phone number provided at the business card.

Sponsorship Opportunities

- Ongoing monetary donation
- One-time monetary donation
- Event sponsorship
- Contribution of supplies for Community Responders
- Discounts for Community Responders
- Office equipment and consumables
- Office space or storage
- Marketing goods and services
- Other in-kind donations

How will you benefit?

Every contribution is very important to us and we feel it is important to thank our sponsors in any way possible. Currently we can place company names and logos on event signage and displays and/or provide free advertising on our website. Have another idea? We are always open to discussion the options.

Partnership

We are building a Partner Agencies section on our website that links visitors to your website. To qualify your company must provide goods or services related to healthcare or safety. Additionally, you must provide a promotion that gives a discount and/or donates a portion of the profit to Good Neighbour Medical.

Alternatively, we are happy to discuss mutual support with alike charities and not-for-profits.

- First Aid Courses
- Medical Supplies
- Safety Supplies
- Emergency Preparedness Supplies
- Accessibility Services & Supplies
- Emergency Services

Words from the Founder

It is not enough to stand by while someone suffers. I cannot count how many times I have seen an ambulance pull up and thought to myself, was there anything I could have done to help? Just think, each time you hear sirens, someone, somewhere, is having the worst day of their life. Good Neighbour Medical allows those certified in first aid to better use their skills to assist their community. It is time we learn our neighbours' names again!

Alex Post

Founder/CEO

Who knows when you will need a **Good Neighbour Responder**...
